

PA COLLACOTT & CO
ELECTRICAL CONTRACTORS & BUILDING MANAGEMENT SYSTEMS

Building Energy Management Controls Estimator

P A Collacott & Co are looking to recruit a BMS Controls Estimator.

Minimum five years post qualification experience is required.

A comprehensive knowledge of electrical and mechanical building services controls would be essential. Training would be offered on the use of Amtech estimating software packages.

The controls estimator will be responsible for the completion of estimates, working from drawings and specifications to collate material, labour and sub-contract package costs.

Proficiency in the use of standard Microsoft office packages would be an advantage. Good confident communication skills both written and verbal are required in order to ensure accurate pricing is achieved.
